

Ring Sizer Guide

STEP 1:

To determine your correct ring size, print this guide on US letter-size paper (8.5" x 11"), scaled to 100%. Confirm your printout is accurate by placing a credit card within the box to the right. The scale is correct if the credit card is the same size as the outline shown.

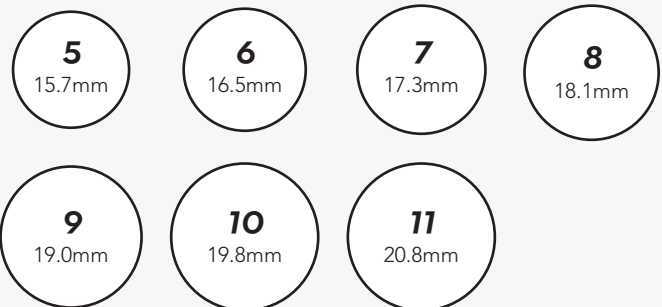

STEP 2:

Choose a ring you own that best fits the finger for your new ring.

STEP 3:

Match the inside of your ring with the circles to the right.

You will only see the white circle inside the ring for your ideal fit. If between sizes, we recommend choosing the larger size.

Please note that our wider band designs tend to run smaller in size.
